Letter of Appreciation and Acknowledgement

It is with immense pride and heartfelt joy that I extend my congratulations to Mr. Lokesh Goud Dabbi S/o Laxman Goud Dabbi, a remarkable young changemaker from Pamireddy Pally village, situated in Wanaparthy Constituency and District, Telangana State, India.

Mr. Lokesh has been officially invited by the President of the United Nations Economic and Social Council (UN ECOSOC) to participate in the prestigious UN ECOSOC Youth Forum 2025 from April 15-17 in New York, USA. He will be representing India through YOUNGO, the official youth and children constituency of the United Nations Framework Convention on Climate Change (UNFCCC), at a global forum themed: "Youth at the Forefront: Leveraging Science and Social Inclusion for Sustainable Development."

Hailing from a humble farming family background, Lokesh's journey from the fields of Pamireddy Pally to the world stage at the United Nations is a testament to his dedication, perseverance, and passion for sustainable development, regenerative agriculture and environmental protection. He is currently pursuing his Master's in Organic Agriculture and Food Systems at the prestigious University of Hohenheim in Germany, where he continues to excel in his mission to bring positive change to global food systems and rural communities.

As the elected representative of Wanaparthy Assembly Constituency, I feel incredibly proud that a student from rural wanaparthy and constituency has earned such a great honour. It is not just an individual achievement, but a moment of pride for the entire Wanaparthy district and the State of Telangana.

We are pleased to announce that the Office of the Hon'ble Member of Legislative Assembly, Wanaparthy, and The Government of Telangana, will be extending financial support to Lokesh for his participation in this global forum. We feel it is our duty and privilege to support youth who uplift the name of our state and our country at international platforms.

Lokesh's achievement is a beacon of hope and inspiration for thousands of students and young people from rural Telangana and India, proving that no dream is too big when fueled by passion and purpose. His voice at the United Nations will echo the dreams of youth and students, from small villages across India.

We wish him continued success and are confident that he will make our constituency, our state, and our country proud. He has my full appreciation and strongest support for all future opportunities.

Jai Hind! Jai Telangana!

Warm regards,

(MEGHA REDDY TUDI)
