TO WHOM IT MAY CONCERN

I am writing this letter of recommendation at the request of **Mr. D. Lokesh Goud**, who is applying to your University for master's degree admission. I have known him for the past six months as his Course coordinator at ICAR-National Academy of Agricultural Research and Management (NAARM).

He had undergone training in the course "Recent Advances in Organic Farming Research" at our institute. He acquainted with all the practices and techniques deployed on the field.

During his course tenure at our organization, He demonstrates self-reliance and a strong inclination towards applying subject matter beyond the curriculum. He had the potential to understand and provide valuable insights.

Individually, I find him effective in handling concurrent assignments and highly dedicated to honouring commitments. Overall, **Mr Lokesh** is highly intellectual and had good analytical skills.

He can display a free exchange of ideas. His work is both clear, concise, and enjoyable to read.

I am confident that **Mr Lokesh** can be a good student at your institution.

I wish him all the best.

If you require any additional information on his candidature, please do not hesitate to contact me.
